DEATH'S STING
A youngster said, "Paw, would
you rather
Be Shakespeare or just to be
you?"
And the old man replied, with a
look satisfied,
"I prefer to be me, yes I do.
Though Shakespeare was great,
there's no doubting;
He is dead, and I think death a
bore,
For it takes one away from that
wondrous display—
The bargains at Lechenger's
store."

A DAY IN THE COURTS
All Murder Cases in Criminal District
Court Were Continued.
THE NEXT TERM BEGINS MARCH 2
One Penitentiary Conviction—Proceed-
ings Civil District Courts—\$20,000
Damage Suit Against T. & N. O. Ry.

As soon as the bill enacted by the present
legislature, changing the time of holding
terms of the criminal district court in this
county, is signed by the governor, the
present term of that court will expire.
As the governor's signature is likely to
be attached at any time within the next
week, Judge Gillette, in order to avoid
having the term expire in the midst of a
lengthy trial, continued all active cases and
capital cases and discharged all special
juries. Judge Gillette communicated with
the governor by telephone yesterday
before going into the trial of the Kins-
case and his excellency promised to notify
him of his action as soon as the bill is
signed. At that time the bill had not
reached his desk.

The bill has the emergency clause at-
tached and will become effective as soon
as signed. It provides for six terms a year
for this county, to begin in January,
March, April, September, October and De-
cember. Under its provisions the next
term will begin Monday, March 2.
Among the cases continued on account of
the existing condition is that of D. E. Wil-
liams and sons, charged with the murder
of Dr. E. A. De Lipsey.

There were three cases tried yesterday,
two of which resulted in convictions. Henry
Jefferson, on the charge of burglary, got
two years in the penitentiary, and Martin
Gustine, for misdemeanor theft, got thirty
days in jail. Charles Dupont, charged with
attempt at burglary, was acquitted.

The commissioners court was in session
with all the members present, except Com-
missioner Super, who was unable to be
present on account of illness. The court
spent the day passing on claims and ac-
counts. The bill of St. Joseph's Infirmary
for \$602.10 for the care and maintenance of
the county's sick for the month of January
was approved. The county treasurer filed
his report for the past quarter. A sum-
mary statement of the same is published
elsewhere in today's Post.

A suit was filed for the district court
by Wallace Zawadzki, by his next friend
and father, Frank Zawadzki, against the
Texas and New Orleans Railroad company
for damages in the sum of \$20,000. He al-
leges that on November 13, 1902, while in
the employ of defendant in his machine
shop, himself, three men and one boy were
lifting a 600-pound bridge iron, when it
was permitted to fall by the other work-
men on plaintiff's leg, breaking it, for
which he prays damages in the above
amount.

More and Cheaper Light.
Free Lamp Renewals.
On and after February 1, 1933, the Houston Lighting and Power Company
will be prepared to offer to present customers and prospective ones a new
rate for incandescent and arc lighting; also ceiling and buzz fans furnished
from the alternating current circuits.
This new rate is what is known as the TWO or DOUBLE RATE SYSTEM,
which has become so popular in the larger cities of the United States.
For the first 1 1/2 hours burning of a 16 candle power incandescent lamp
the rate will be 12 cents per Kilo-Watt-hour (about 7 1/2 of 1 cent per
lamp per hour and longer burning will be at the rate of 7 CENTS per Kilo-
Watt-hour (less than 4 1/2 of 1 cent per lamp per hour).
Under this system then, the longer lamps are burned the less the cost per
hour.
This system has been installed in the largest cities throughout the country
and has proved most satisfactory to both the electric light companies and the
customers.
The business of this company has increased at the rate of about 6000 lights
per year for the past two years, but having just enlarged their plant and in-
stalled additional machinery capable of supplying 12,000 lights more, and wish-
ing to utilize this machinery they have decided to offer this new rate to cus-
tomers making a contract.
In conjunction with this new rate the company proposes to furnish FREE
renewals of dim or burnt out lamps, which alone amounts to a reduction in
their rates of about 5 1/2 cent per Kilo-Watt-hour. Also a discount of 5 per
cent allowed on all bills paid by the 10th of the following month.
The Lighting Company's lines now cover nearly all parts of the city and
they are prepared to furnish current anywhere reasonable distance from the present
lines. Any further information regarding this system and making contracts
will be cheerfully furnished by applying at their office at No. 209 1/2 Main
street.
